Tata Power Co. As Mundra eye resolution

New Delhi/October 30
Shares of Tata Power Co. Ltd and Adani Power Ltd rallied 13-18% on Monday after the Supreme Court directed the Central Electricity Regulatory Commission (CERC) to decide on relief for the imported coal-based plants run by these companies. The Gujarat government sought relief for these plants after the companies expressed their inability to run these plants because of heavy losses. As pointed out earlier in this column, much depends on the consent of other stakeholders (consumers and states apart from Gujarat) and the compensatory mechanism. Still, the development is seen to have given a leg-up to the resolution process. So much so that investors gave little importance to the company's subdued financial performance.

The Supreme Court direction came as Tata Power released its September quarter (Q2) results. Consolidated revenues increased 9.4% from a year ago. Reported profit jumped 85% to 1393 crore. Though optically encouraging, the
