# NIT slams Delhi Jal Board over Yamuna pollution

**MM BUREAU**  
New Delhi/January 29  
The National Green Tribunal has slammed the Delhi Jal Board (DJB) over pollution in Yamuna saying water quality remains highly deteriorated as pollutants are still being discharged into the drains.

The green panel directed the Delhi Chief Secretary in coordination with the Chief Secretaries of Haryana and Uttar Pradesh to personally monitor the progress of Yamuna cleaning by evolving effective administrative mechanism to handle grim situation caused by years of neglect.

A bench headed by NIT Chairperson Justice A K Goel said it is clear that severe problem of preventing pollution by discharge of sewage, industrial effluents

and other pollutants remains unaddressed.

There is hardly any improvement in evolving meaningful and effective institutional mechanism for monitoring.

Though Integrated Drain Management Cell is reported to have started functioning, tangible results are yet to be shown on overall the report of the Yamuna Monitoring Committee (YMC).

The tribunal noted that the YMC has particularly found that 147 drains in the stretch of Najafgarh and Shahdara drains have not been tapped.

The NIT said that YMC has noted huge gap in generation and treatment of sewage and has rightly recommended that all the drains in which untreated sewage is being discharged

need to be intercepted and diverted so that the untreated sewage is not conveyed to the river.

"Such gaps need to be bridged in UP and Haryana also. The DMCC and DJB have to ensure this for Delhi. The monitoring by Additional Chief Secretary and Chief Secretary Delhi has yet to take place."

"Necessary devices for sewage and effluent treatment have still not been installed in the required extent. Inspectors of availability of logs, fossils, DJB is not working in a professional manner, as observed by the YMC," the bench said.

The tribunal said water quality remains highly deteriorated as pollutants are still being discharged into the drains.

"Flood plains are not being made encroachment free, afforesting the riverine ecology. Awareness programmes are inadequate. "Biodiversity parks and other measures have also been found to be inadequate. Fringing frequently found in its absence of regulating composition of detergents, which find place in the river through sewage, for which action needs to be taken by

The green panel directed the Delhi Chief Secretary in coordination with the Chief Secretaries of Haryana and Uttar Pradesh to personally monitor the progress of Yamuna cleaning by evolving effective administrative mechanism to handle grim situation caused by years of neglect. A bench headed by NIT Chairperson Justice A K Goel said it is clear that severe problem of preventing pollution by discharge of sewage, industrial effluents and other pollutants remains unaddressed.

Competition regime needs to be strictly followed on 'polluter pays' principle which was not happening despite failure of the regulators, it said.

The tribunal also said there is need for continuous and effective working of the IDMC to plan and oversee prevention of untreated sewage being discharged in the drains or the river.

Apart from discharging of sewage, there is need to stop industries from discharging effluents by concerned state authorities, it said.

"The issue of protection of flood plains by the DJBA remains to be satisfactorily addressed even though steps are said to have been taken for constitution of a SPV for the purpose."

"Encroachment in huge and steps taken are

being made encroachment free, afforesting the riverine ecology. Awareness programmes are inadequate. "Biodiversity parks and other measures have also been found to be inadequate. Fringing frequently found in its absence of regulating composition of detergents, which find place in the river through sewage, for which action needs to be taken by

# Court suspends MLA Bharti's conviction and sentencing in assault case

**MM BUREAU**  
New Delhi/January 29  
A Delhi court on Thursday suspended the conviction and sentence awarded to Minister Nagesh Anand (AAP) MLA Samant Bharti in a 2016 assault case at the AIIMS, pending the outcome of his appeal filed before a higher court. The new order has kept aside Bharti's chances to continue as a legislator.

Under the Representation of the People's Act, a legislator stands disqualified upon being sentenced to jail for a minimum of two years.

The membership of the house is lost with immediate effect.

The legislator then has to obtain a stay on the conviction to remain a

member of the house — a mere suspension of sentence or jail term will not suffice.

On Thursday, special judge Vikas Dhilli said the appeal hearing, challenge to the order of the magistrate court, was going to take place. The judge also directed Bharti to deposit a personal bond of ₹25,000 and provide one surety of like amount.

"Since the appeal is going to take considerable time for disposal and having regard to grounds set out in the appeal, the applicant filed a plea challenging the conviction and sentence order dated January 22 and sentence order dated January 23 are suspended during the pendency of the appeal.... The judge said in his order."

Bharti, through his counsel Meenakshi Indani

Under the Representation of the People's Act, a legislator stands disqualified upon being sentenced to jail for a minimum of two years. The membership of the house is lost with immediate effect. The legislator then has to obtain a stay on the conviction to remain a member of the house — a mere suspension of sentence or jail term will not suffice.

complaint to by HR Bharti, chief secretary AIIMS.

The court had earlier directed Bharti for various offences punishable under the Indian Penal Code, including sections 323, 363 and 147. The court, however, had acquitted Bharti's associates and co-accused Jagat Bhatia, Ishdeep Singh, Sandeep Saha and Rakshit Pandey — citing lack of evidence.

# Delhi's air deteriorates further, slight improvement on horizon

**New Delhi/January 29**  
The air quality in Delhi at 7am on Friday deteriorated to reach the higher end of the 'very poor' zone. It was recorded at 406 in the AQI scale Central Pollution Control Board (CPCB) recording show that the overall air quality index (AQI) of Delhi was 387, in the 'very poor' zone, on Thursday. On Wednesday, the AQI was 338. Union ministry of earth sciences is quality monitoring centre, System of Air Quality and Weather Forecasting and Research (SAQR), forecasted that the pollution levels are expected to reduce in the coming days. A marginal improvement in visibility index is forecasted for the next two days and AQI is likely to marginally improve by the next week. The AQI is forecasted to marginally deteriorate in the middle-end of the very poor category on January 31. The AQI forecasted on Thursday, the maximum temperature at the Safdarjung observatory, which is considered the official marker for the metro city, was 16 degrees Celsius, which was five degrees below what is considered normal for this time of the year.

Delhi's air deteriorates further, slight improvement on horizon

# 8,244 Health Workers get Covid-19 shots in Capital

**MM BUREAU**  
New Delhi/January 29  
Of the 10,000 intended beneficiaries as Thursday, 8,244 received Covid-19 vaccines in Delhi, the highest number of people taking the shot in a single day ever since the nationwide drive began on January 16, according to official records. The government also opened 25 new vaccination units in the city. Both central and local districts saw highest increase in the number of vaccination centres with four additional sites each. "The sites were increased in places that saw high turnout — over 99% — for the last couple of days when the number of people getting the shot went up," said a senior official from Delhi's health department. Thirty-four hospitals in the city were able to administer 100 vaccines on Thursday, including 10 hospitals run by the Delhi government, according to government officials. According to city hospitals, the high turnout is the result of a tweak in the government's CoWIN platform that allows walk-in beneficiaries even if their names are not in the day's list. A senior officer from Central government-run Lady Hardinge Medical College said, "Only about 50% of the people who are called in for vaccination each day actually come to the centre for vaccination. Health care workers are still hesitant to get the vaccines but there are also people who are on leave or on quarantine and cannot come. Also, a few people are sent back each day because of contraindication."

getting the shot went up," said a senior official from Delhi's health department. # Delhi riots: Court rejects bail plea of Pinjra Tod member Devangana Kalita

**MM BUREAU**  
New Delhi/January 29  
A Delhi court on Thursday denied bail to Pinjra Tod member Devangana Kalita who was booked under the stringent UAPA for allegedly conspiring to orchestrate the north-east Delhi riots last year. The court said there are linkages shown by the prosecution between Kalita and other accused persons and the allegations against her were grave in nature. Additional Sessions Judge Amitabh Kherat also said all the citizens of the country under the Constitution have the right and freedom to protest including the right to oppose any legislation, however, it's not an absolute right but subject to reasonable restrictions. It said that positive reaction was taken under Unlawful Activities Prevention Act (UAPA) and thus, an independent review of the evidence gathered during the investigation has been done by an independent authority after its satisfaction about the evidence. "The contention of the accused for acquittal that the sanction was given in haste is not for this court to give an opinion on. What is important is that an independent authority has given its opinion about the applicability of UAPA in the present case," the court said. It noted that over the proceedings, there were messages to Delhi Protest Support Group WhatsApp Group, particularly on February 22, 23 and 24 last year; allegedly showing the role of Pinjra Tod. Kalita was arrested for her role in the conspiracy charges. She was accused to orchestrate the north-east Delhi riots. The specific role for which she has been accused is for calling people to block the roads, then resorting in the riots. Consensual riots had broken out in north-east Delhi.
